

Exploring Cell Types with the Allen Institute

Rachel Hostetler, Ph.D.

Jeremy Miller, Ph.D.

Irika Sinha, Ph.D.

Join Allen Institute scientists for a one-day workshop focused on using Allen brain cell atlases, along with single-cell transcriptomic data, tools, and resources. The workshop will feature a mixture of lectures, hands-on demos, and open exploration time. Breakfast and lunch will be provided. Registration is required, please bring your laptop.

Host: Sarada Viswanathan, Ph.D.
